Hi All,

Just saw this as Nick and I were at a conference in Atlanta last week. We will do our best to get a conversation going. I'm asking Marie Rumsey on the staff to be point on this and she will keep you informed of our progress.

Best,

Carol

Good afternoon Carol and Nick, I'm hoping you can help us resolve an issue we're having at Ten50 with Lennar's almost complete project at the SW corner at Olympic + Olive. There is a very large, bright yellow wall on the south facing facade of the building. I'm pretty sure the only people that can see it are the people who will be living at Ten50.

While we appreciate it from an artistic standpoint, it is pretty jarring for people considering that view orientation and we're getting a lot of negative feedback. We'd like to start a discussion with Lennar about painting it a different color. I thought i'd start the conversation with the CCA and the BID to see if there was anything that you could do to help facilitate the conversation? Any guidance you could provide here would be much appreciated.

Best,
